Magiczny Kraków

Sightsee the Kraków Fortress and win prizes!

2022-11-27

An ongoing challenge will bring us together in the passion for discovering the heritage of our city. The most ardent explorers of the Kraków Fortress will be honoured with prizes! Feel free to join the campaign!

We have prepared for them a **package of practical tourist gadgets bearing the logotype of the Kraków Fortress**, which are indispensable on the trail all year round, and the latest book on the fortress ***A Walk Through the Kraków Fortress***, which will help them follow the fortress trail in the spirit of **sustainable tourism**.

What should I do to take part in the game?

All you need is to collect a special book and start a tour around the Kraków Fortress with it. Each visit must be documented by an **occasional stamp in the book**. In order to receive the prize, you need to collect **5 or 10 stamps**. Prizes will be granted to the first **900 persons**.
